

JoS Author Guidelines 2021:

Manuscript sections for articles types:

Journal of Science accept the articles in the subject domains of **Hypothesis, in-silico models, Molecular docking, Molecular Dynamics, Bioinformatics, Computational science, Genomics, Proteomics, Biochemistry, Biotechnology, Environmental science, Chemistry, Physics, Microbiology, Plant and Animal science and all areas of Medical science. But we are not limited to these areas only. We welcome article with high selectivity.**

Points to Remember

- A submitted article is original work which has not been previously published nor is under consideration by another journal, in part or whole and free from any plagiarism;
- The article meets all applicable standards of ethics;
- The paper is relevant to the journal's aims, scope, and readership;
- A submitted article presents original research findings;
- A submitted review article (or similar) offers a comprehensive critical review and evaluation of key Literature sources for a given topic; and
- The article is methodologically and technically sound.

Author guidelines:

- Please follow the author guidelines carefully.
- All submissions should strictly be prepared per author guidelines.
- This will avoid delay in processing.
- Manuscripts will be returned immediately if it is NOT formatted as per author guidelines.
